Oktopost Team Lead Assignment Solution

This repo represents a solution for the assignment given by Oktopost for the Team Lead position.

Repo Structure

The repo has the following structure:

- `Team_Lead_Assignment` folder contains the original assignment as-is.

- `Storage` folder contains a solution for the first coding task.
  Please refer to the README inside the folder.

- `UrlShortener` folder contains a solution for the second project planning task.
  Please refer to the README inside the folder.
